Mission:

The Statesboro-Bulloch Chamber of Commerce exists to enhance the economic prosperity of our members and promote free enterprise in Bulloch county. A voluntary membership association that serves as the unified voice of our business community, we represent hundreds of companies, professionals, organizations, and institutions that are committed to building a better community. Our Chamber of Commerce is not a civic club, charitable organization or affiliated with a municipal, county or other government. We foster economic growth through activities that enable members to engage in business conversation. We seek to be a catalyst for growth by encouraging business while providing value-added resources to our members.

Statesboro Bulloch Chamber of Commerce
841 Buckhead Drive Suite 3 Statesboro, GA 30458
